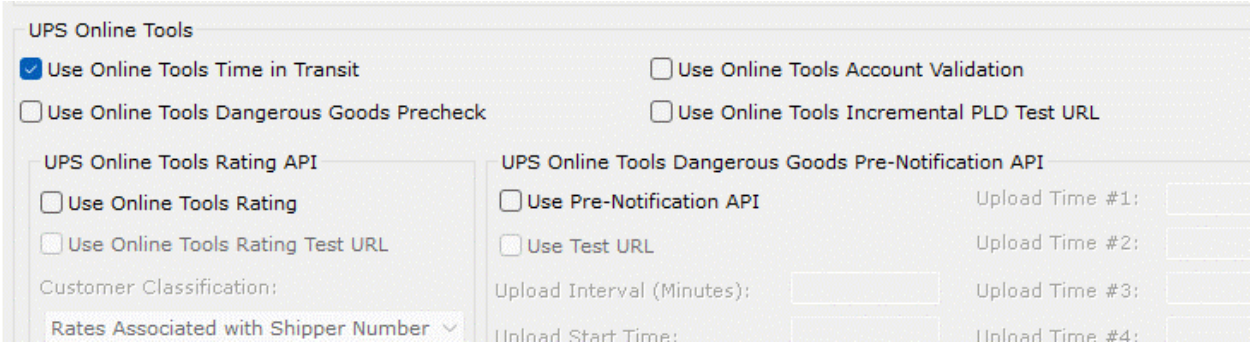
OAuth setup in PMC

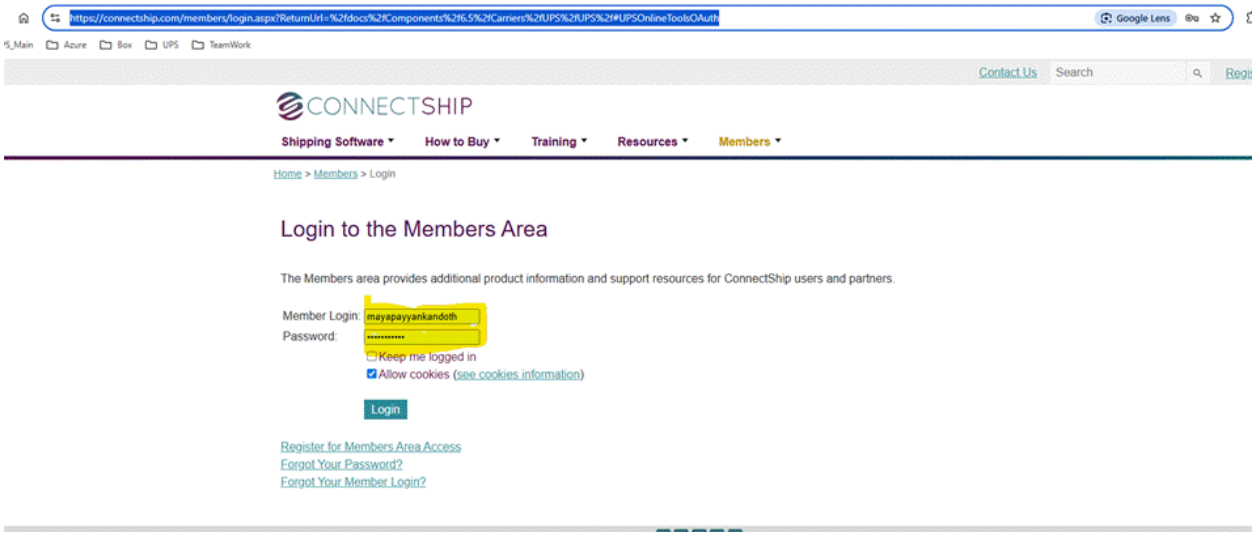
In the latest system ConnectShip need OAuth Code to call the API for Time in Transit.



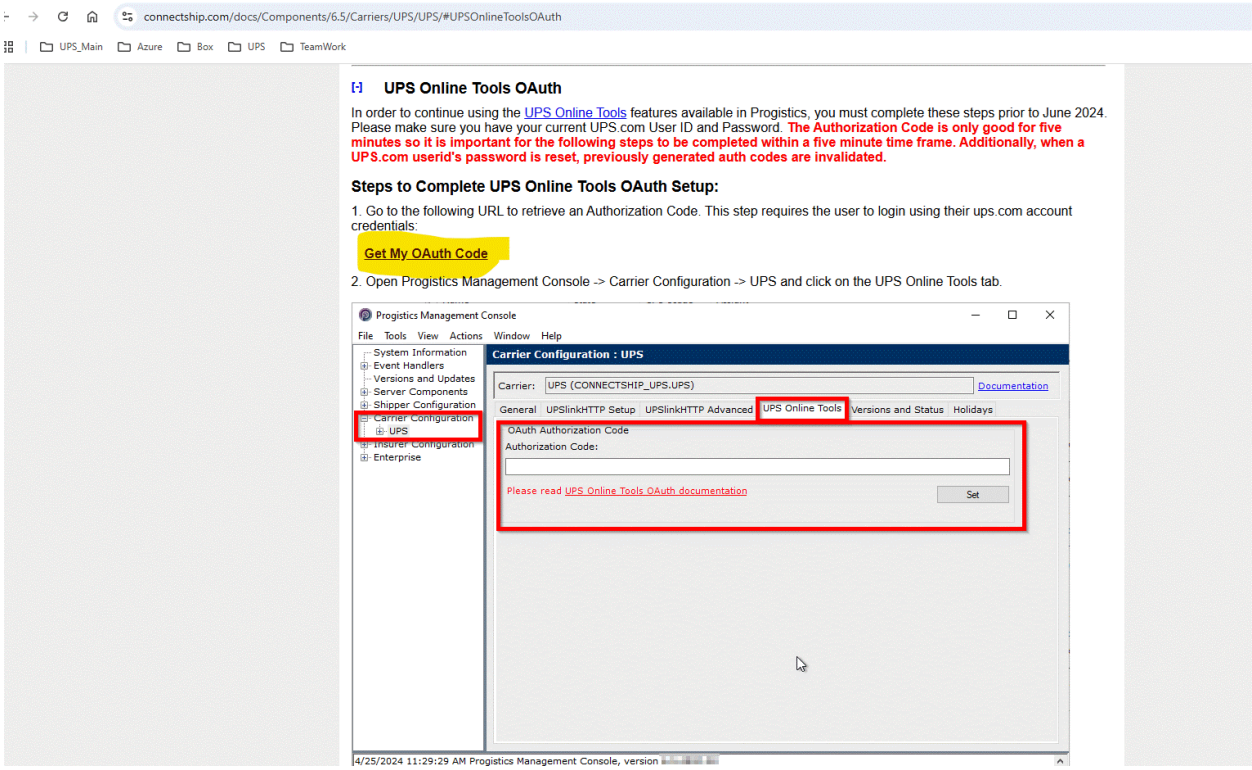
<u>Steps to get the code</u>

1) **Click on the link below and login to Connectship using customer connectship Member Login and password.**

https://connectship.com/members/login.aspx?ReturnUrl=%2fdocs%2fComponents%2f6.5%2fCarriers%2fUPS%2fUPS%2f#UPSOnlineToolsOAuth

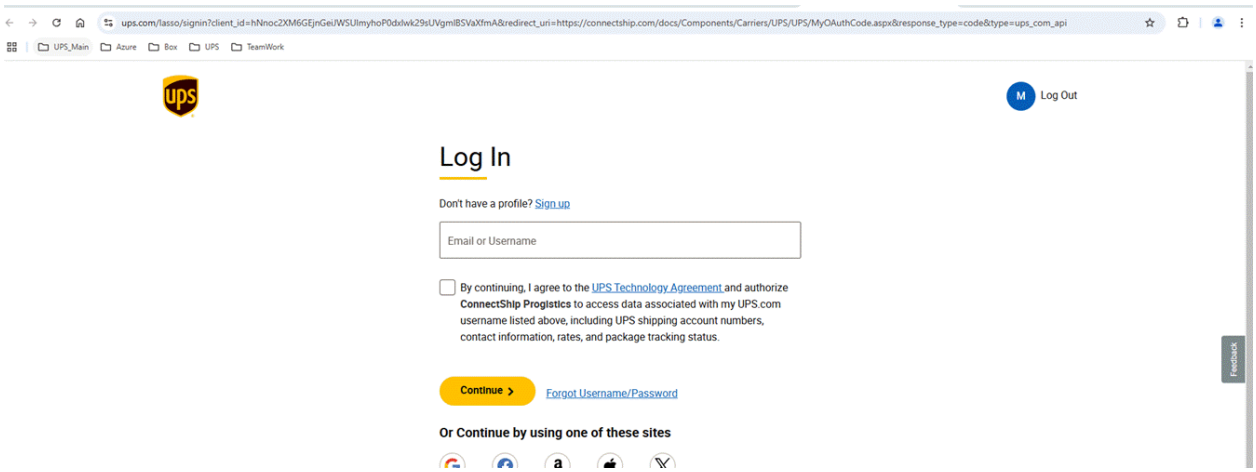


2) Go to "*UPS Online Tools OAuth*" section and click on "*Get My OAuth Code*"

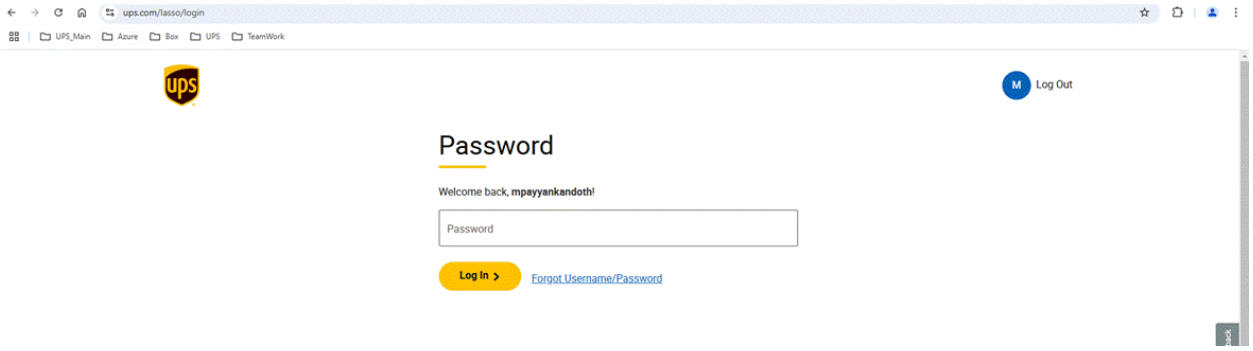


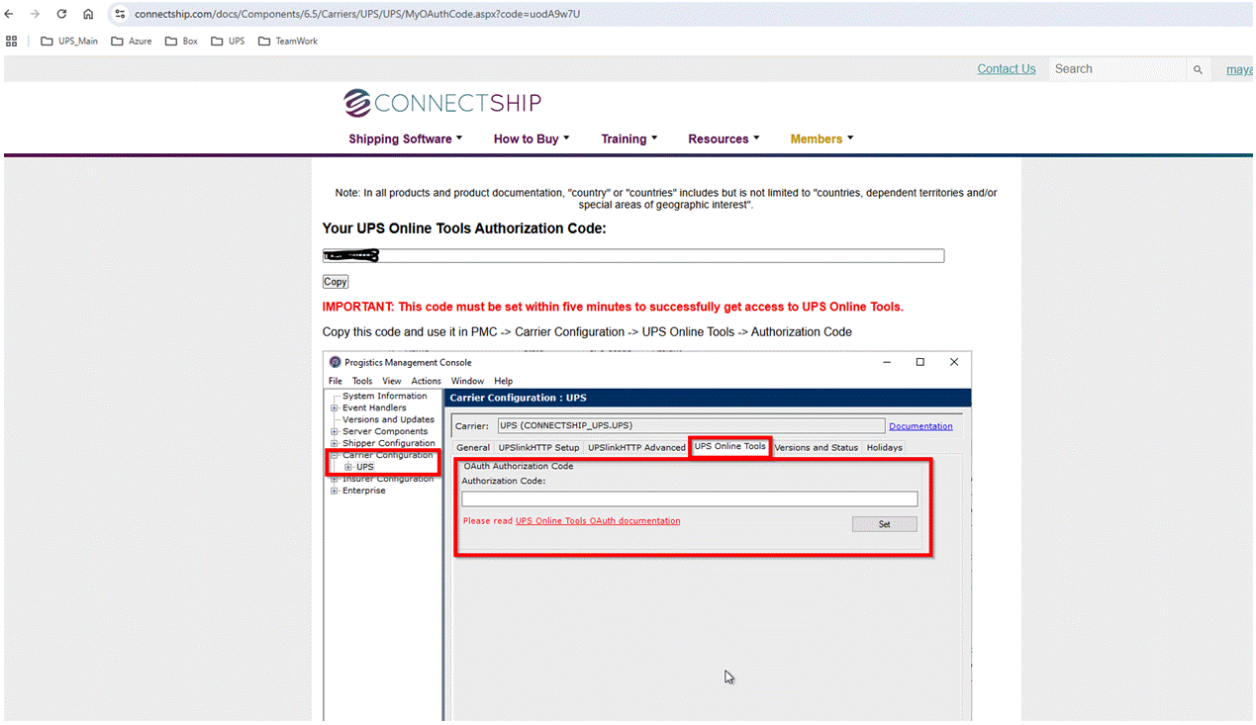
3) **Enter customer UPS Account name or email id and check the agreement checkbox and continue.**

Note: Make sure to use the same credentials that were used to create the legacy access key originally used to configure the Online Tools in the UPS Component



4) **Enter the Password and Log In**





5) **Copy the OAuth Code displayed in the textbox and go to UAT/PROD server, open Progistics Management Console and paste the code in the box shown below and click on Set button.**
